Sub: Request for camp materials

Dear Sir,

As you would be aware, number of COVID-19 cases in Bhutan has rapidly increased in the last couple of weeks. This has happened mainly in Phuntsholing and it is currently declared as red zone. If the situation in Phuntsholing remains either same or worsens indefinitely, there is a need for finding an alternative route for import of goods and services into the country. In view of this, the Royal Government has instructed Sarpang Dzongkhag administration to put in place facilities for importing goods and services for the country via Gelephu. In this regard, we are currently in the process of constructing camps for the loaders near the border checkpost. For this, we would like to request you to kindly borrow us any camp materials at your possession.

Thank you for your kind consideration.

With best wishes.

Yours sincerely,

Karma Galay
