Subject: List of Staffs for Blood Donations

Sir (s)/ Madam (s)

The global pandemic of COVID-19 has the potential to reduce the supply of blood and blood components adversely affecting blood transfusion services in the hospitals and may further hamper people coming to hospitals coming for blood donations resulting in shortage of blood stock in the blood banks.

Therefore, we would like to kindly request your organization to submit the list of staffs willing to donate blood latest by Thursday (16/04/2020) as per the format attached to ktshering@ecb.bt.

Yours Faithfully

(Sonam Wangdi)
